

VPL-I Trust

Monthly Report - May 2026

VARECS Partners Limited

Kanto Local Finance Bureau (Financial Instruments Business Operator) No. 571
Membership: Investment Management Association of Japan

Investment Strategy

VPL-I Trust's (the "Fund") investment objective is to achieve capital appreciation over the long term. The Fund invests primarily in small-to mid-capitalization Japanese companies (i.e., those with market capitalizations of less than JPY 100 billion) that the Fund believes are undervalued and for which it can offer strategic guidance and assistance in order to realize value. The Fund may acquire significant owner ship stakes in companies and may also be one of the largest outside shareholders of a portfolio company.

The Fund will make investments through the public equity markets as well as through privately negotiated transactions. The Fund's portfolio is expected to be concentrated and may include a limited number of core holdings (i.e., 7 to 10).
